

Dear Legion Family:

Earlier I wrote about our National Commander saying that we as Legion Family need to be more visible in our communities. Listening to the reporting for our 2009 Post CPR (Consolidated Post Report) I realize that all members of our Family are serving our veterans, youth, widows and our community. The question I pose is, are we visible as Legion Family Members? Do or are we wearing hats, shirts, pins or other ways of identifying us as American Legion Family Members? By identifying ourselves we let the community know that The American Legion is serving them not just we as individuals.

I commend all of us for the job we are doing in serving those in need whether Legion Family or not. May I suggest we consider ways to improve our visibility so that others will proclaim The American Legion is serving them and tell of our good deeds?

Pictured above are our Post Family Members Saturday May 30<sup>th</sup> for our Annual Memorial Day Parade. Please mark your calendar for Tuesday July 21<sup>st</sup> at Noon. We will have a Food Truck in our Parking Lot along with some free clothing and musicians from the community. All volunteers please show up as close to 10:00 A.M. as possible for set up.
